Art Unit: 2851

The examiner notified the attorney of record on 9-30-02 that no restriction had been previously made in the case and that the case had not yet been examined. Contrary to Attorneys Remarks filed 5-14-02 paper # 10, that no Election was necessary and saying that all claims would be examined, the examiner stated that the examining process had not yet begun and therefore the examiner did not know at the time whether a restriction was required. The examiner regrets any inconvenience to the applicant/attorney.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 51-56,66 and 71-75, drawn to an exposure method using two focus position detections systems.

Group II, claim(s) 57-61, 67,70 and 76-100, drawn to an exposure method using two illumination systems.

Group III, claim(s) 62-65,68 and 69, drawn to a temperature control device for an exposure apparatus.

Art Unit: 2851

The inventions listed as Groups I,II,III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I defines a method of focusing an image, while Group II defines a method of illumination and Group III defines an apparatus for controlling temperature and thus all three groups lack the same technical feature.

A telephone call was made to Robert Evora on 9-30-02 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
